

THE ALL BRITISH RALLY

Well it seems that this Rally was one of the most successful events the club has undertaken.

A few committee members arrived at the site on Friday night to set things up for the arrivals early next day. We were ready at 8.00 and waited till 11.30 for the first bike! The bulk of the people turned up between 3.00 and 8.

After most people had a good time at the Whitfield pub (or for one bloke and his Triple, in the river!) they settled at the Rally site on Saturday night to stand around a fire and consume a few (or many!) cans. A few watched the film, which had better dialogue before the soundtrack was on than after. The film was only slightly interrupted by a club member's Triumph twin, aided by the drunken hand of the owner, trying to wind the tacho needle around more than three times!

More than a few people were glad of the great (solo) effort made to provide coffee.

The variety of bikes was particularly good, though we could have seen a larger range of older bikes. Still it was well worth looking at all the bikes that rolled up.

The presentation of Trophies for best of each make went off very well. The winners were well chosen, a task that would not have been easy, especially in the BSA and Triumph classes.

We had an interesting but uneventful visit from the P.C. police on Saturday morning (before people arrived) and they were good enough to leave us alone. However there were reports of harassment in Wang. and Benalla on Sunday arvo..

The club certainly learned from this Rally much towards running the event again. The efforts of all those who worked so hard are greatly appreciated and it is hoped that the event can be retained and improved for next year.

oooooooooooooooooooo

The next Club Run is on next Sunday, June 5th.
It will leave from the corner of Springvale and
Whitehorse roads at 9.00 AM
